

PANTHERS OPEN GRID SEASON TONIGHT

PANTHER SENTINEL

Volume XXI

Salinas, California, Friday, September 21, 1951

Number 1

AS WE SEE IT

By PAUL PARSONS

There is no doubt that the new student lounge will have a magic effect on the morale of the Hartnell College students. A comfortable place to relax has long been a topic of conversation for students as they sat on the hard wooden bench next to the Little Theater.

This project can truly be termed as an all-student venture. The funds for the furnishings have been raised through the past years by the carnival which is held every spring. Also, students are helping to buy a television set for the room by making donations.

As the lounge is a student project for the students, it is hoped that the students will take care of it properly. The furnishings that will be put into the lounge will be of a sort that depreciate rapidly. So only by proper care can they be made to last. It is up to each student to take care of them.

If it is found that the lounge is being abused, strict rules will undoubtedly be placed on its use. This must be prevented.

The only rules that should be placed in the lounge are those common sense rules in the student's minds.

Drama Department Plans to Open With "Two Mrs. Carrolls"

Hartnell College Players' first production for the 1951-52 season will be "The Two Mrs. Carrolls," with Tom Rogers and Phyllis Williams cast in the leading roles of Geoffrey and Mrs. Sally Carroll, Mr. Harold H. Ulrici, director, announced this week.

Rehearsals have begun, with November 7, 8, and 9 set as the tentative dates for performance. Veterans other than Mr. Rogers and Miss Williams are Bonnie Pilliar as Clemence, the French maid; and Stan Lovett as Dennis Pennington.

Newcomers are Miss Gladys Feundas as Mrs. Cecily Harden, also the second Mrs. Carroll; Barbara Brem as Mrs. Latham; and Jeanette Galt as Mrs. Harriet Updyke. The only role which has not yet been cast is that of Doctor Tuttle, which may be played by either a man or a woman.

All rehearsals for this and following productions will be evening sessions from about 7 to 9 p.m.

The complete schedule for the season has not yet been approved, but Mr. Ulrici has released information to the effect that he will have a phase of the Life of Christ as his Christmas production, and following that the players will present Shakespeare's "Taming of the Shrew" in March, and Siegfried Geyer's comedy, "Candlelight," in

President Reveals Plans for Lounge

Hartnell College's badly needed and long wanted student lounge will at last become a reality. At a student assembly last Friday, College President John Lemos announced that a portion of the college cafeteria will be converted into a student lounge.

Drapes have been selected for the windows, furniture is

being secured, and for those who wish to keep up on current affairs, a television set will be installed.

The project should be completed about October 1.

The arrangements for the lounge are being made by the student union committee which consists of two faculty members, two members of the alumni association, and two students. The members of the committee are: Dr. Luella Hall, Mr. Henry Cassady, Ada Bassi, Margaret Trigeiro, George Jackson, and Tom Grant.

Artistic talents of Miss Mildred Novotny and Mr. Leon Amyx are being utilized by the committee to select furnishings and work out a floor plan for the lounge. The project is being financed by the student union committee fund.

The service window between the cafeteria kitchen and the cafeteria will be eliminated and changes will be made in the coffee shop to accommodate those students who usually breakfast and lunch in the cafeteria.

An important point to many is the fact that smoking will be allowed in the lounge.

College Deferments May Decrease During School Year '52-'53

A release from the American Council on Education says that although the number of college deferments will be decreased during the academic year of 1952-53, draft age students will not be affected this year.

Mrs. Anna Rosenberg, assistant secretary of defense, has denied a previous statement which said that student deferments would be set aside next year.

Mrs. Rosenberg said, "In light of current manpower requirements of the armed forces, there is no prospect or plan for abolishing student deferments. It may be necessary however to decrease the number of

(CONTINUED ON PAGE 3)

Sophomore Photos Taken For Annual

Sophomore students have already begun having their pictures taken for La Reata, the Hartnell College annual.

Hurl Swartz of Valley Center has been awarded the contract as photographer. A \$2 deposit is required at the time a picture is taken. The deposit is included in the price of the order, if an order is made.

Women students are required to wear a sweater with string of pearls for at least one pose. Suit, white shirt, and tie are mandatory for men students.

Any sophomore who does not desire his picture in the annual must notify the main office so his appointment can be cancelled.

Anyone whose name is missing from the appointment list should inform the main office.

Appointments may be traded with a friend, but the first person involved should tell Mr. Swartz of the change.

President John Lemos, has arranged for those having appointments to be excused for one hour from their classes. This will allow sufficient time for walking to and from Mr. Swartz's studio.

Betty Westphal Elected President Of 1951-52 WAA

Women's Athletic Association of Hartnell College held its first meeting of the school year September 12. Election of officers was the first order of business. Betty Westphal was elected president; Jane Oka, vice-president; Babette Giannini, secretary-treasurer.

Plans were formulated for the or-

(CONTINUED ON PAGE 3)

May. As a summer production his group will present "Belvedere."

Coach Wilson Takes Team To Modesto for First Game

King Football takes its grip on Salinas area fans as the 1951 version of the Hartnell grid machine unveils itself tonight at 8 o'clock in Modesto against the powerful valley Pirate eleven. Many rooters will make the trek via automobiles, and a large crowd is expected for the season's inaugural.

The Maroon and Gold have added a new color this year—green—in reference to the squad's previous experience under junior college fire. Gone are the days—and the men of the Panthers' 1950 roster; graduation and Uncle Sam have taken their toll on Hartnell material.

However, through the rebuilding efforts of Head Coach Elliot "Ab" Wilson and his assistants, Line Coach Henry Franci and Backfield Coach Louis Menghini, the Panthers will field a spirited, eager, and hustling team.

Two and one-half weeks ago, Wilson greeted a small, inexperienced group of men and boys. From that time up to now, these aspirants have shown vast improvement in speed, ruggedness, and general pigskin knowhow. That maturation process was not completed without a great deal of hard work, both on the part of the coaches and players.

Fundamentals have been stressed on the theory that a fundamentally sound team is a hard team to beat. Now there remains only the acid test tonight against a reportedly strong Pirate squad.

Despite their greenness, Wilson is very proud and pleased with the way the Panthers have come along. He only complained of the fact that there was so much to accomplish and so little time in which to do it. Wilson further ventured, "Our line is better man for man than last year's. They are just as big, more aggressive and faster. They have shown a decided eagerness to rough it up. Our backs are small, but shifty and speedy."

Here is a short rundown on some of the year's material:

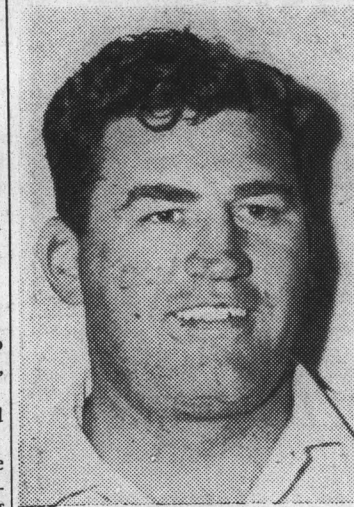

Tom Grant and Don Shannon are two of the three veterans from last year; both men work the end slot. The other ends are Bob Day, a 215-pound transfer from last year's Cal Frosh team, and Bob Heinzen and Earl Adams, two rugged defensive boys.

The tackle spots will be handled mainly by 215-pound Ernie Ferrario, Baver Falls, Pa., Howard Tyler from Gilroy, Lou Bertelli from Castroville, and Dick Gularde from Soledad.

Guards are small but fast, being headed by All-C.C.A.L. Jack Brooks, Sonny Borges of San Jose, Santos Ramirez, Greenfield; and Emil Yappert, Watsonville. Big boys Ken Van Cleave and Taylor Burton of Salinas will hold down the pivot spot.

There are several backs capable of scooting, dodging, and feinting their way to pay dirt. Two of them, Don Ikeda, Salinas, and Arnold Carrillo, Hollister, have been former track as well as football stars in their respective leagues. Both men can streak to a 10.3 hun-

(CONTINUED ON PAGE 4)

Coach Ab Wilson

Commissioners Fill Four Vacancies On Commission

Resignations of Vice-President Bill Temple and Men's Representative Warren Montagne were accepted at a special joint meeting of commission and budget committee last Thursday. Student Body President George Jackson reported that Temple is transferring to San Jose State College and Montagne has been recalled to active duty with the United States Naval Reserve.

Jim Hitchcock was recommended and accepted for the student body office of commissioner of public relations. The candidate to this office must be appointed according to the laws of the Associated Student Body of Hartnell College.

Under old business the committee reported the vacancies of the commission were filled. Bob Adams ran unopposed for vice-president, replacing Bill Temple.

Ken Van Cleave defeated Bob Balkow for the office of men's representative. Van Cleave will replace Montagne. The office of sophomore representative was vacated by Ken Yoder, former A.S.B. president, due to the large number of units he has to carry this semester. Two candidates ran for Yoder's office. They were John Lew and Lutz Graf zu Muenster. Muenster who was unable to be present for the election was defeated.

Library Open - It Has Rules

Welcome! This is the greeting extended to new students by Miss Luella Wiens, Hartnell librarian.

Realizing many questions may arise concerning library procedure, Miss Wiens urges anyone with a

question to readily ask her or one of the girls on duty in the library for assistance.

To aid new students a diagram of the library has been posted at

(CONTINUED ON PAGE 3)

Science Instructor Elected Chairman of Faculty Association

Mr. W. J. McCallum has been elected chairman of the Hartnell College Faculty Association at a recent meeting. He succeeds Mr. John Murrin. Succeeding Miss Eleanor Perry as secretary-treasurer is Mr. James Stark.

Offices will be held for a year.

Home Economics Classes Stress Learning by Doing it Yourself

Learning by Doing, the slogan of the Home Economics Department, is being carried out in all classes.

The girls in beginning foods found it was easy to bake cakes the first lesson in the well organized Hartnell kitchen units where everything is arranged for convenience in use.

After detailed study of storage features and arrangements of the school kitchen, the girls find they can use many of the ideas to improve working conditions in their own homes.

The clothing class is well under way toward learning basic sewing procedure by making a wool or rayon skirt. The girls are being choosy about their pattern and material and are determined to have a skirt that really fits. Second project will be a blouse, third will be dresses.

In the personality development, appearance is the first topic. Because hands tell so much, they are given first consideration. Hand beauty lies in applying the principles of design and of good taste to each person's particular hands.

Improvements in conditions of hands will be seen when a second set of pictures of each girl's hands are taken at the end of the course. The first set was taken last week. Next to be considered is the care of hair and hair styling, followed by care of skin, selection, and application of makeup.

Esther Cosmes is working as an accountant in a local office.

CAMPUSOLOGY

By RAJAH

Here are the latest words of wisdom straight from the Panther's mouth. In an exclusive interview with Hartnell's famed Panther statue last week this humble reporter received an interested reaction from the Panther in regard to the excellent bumper crop of freshmen girls knocking around the campus.

Latest in the shiny crop of old cars around the campus is a green 1929 Model A Ford belonging to none other than our own student body secretary, Miss Elizabeth Ann Cunningham. The vivacious (at least she says she is) secretary has released the information that the vehicle is loaded with accessories, including such items as a radio (she can listen to it when the motor isn't running), Pontiac wheels with yellow spokes, and nylon seat covers (a fashion note yet).

P.S.: If anyone has a spare rumble seat for said type of car let our secretary know. She can be found working busily in the college salt mine (A.S.B. office to you) at varying times. A new seat of this type would greatly ease the congestion of gypsies in the front seat.

WITLESSCISM OF THE WEEK: Last Monday members of Mr. William Bullis' 10 o'clock algebra class were shocked out of their sound slumber upon hearing the following words come forth from their formula-filled instructor. While making an announcement in behalf of the Christian Fellowship he referred to "an annual outing with our friends from Monterey P.U." Chalk one up for Mr. Bullis, even if it was an unintentional slip (hah)!

HELP WANTED COLUMN: Wanted, one sportsminded individual who can both read and talk. Reason: college radio drama instructor, Mr. Hal Ulrici, is in dire need of a sports announcer for the college program. Last chance today, apply before turning in final study list! No experience needed. Mr. "U" will supply the trimmings.

OVERHEARD: An unidentified observer of football practice is said to have commented that "poor Ab (Coach Wilson to the uninitiated) got a raw deal this year. These draft deferment tests left him with a bunch of guys who have brains." Ah, 'tis indeed a rough life when the coach has to start listing players' IQ's and Selective Service classifications instead of weight and age. Our sympathy is with thee, O Honorable Coach! Look on the sports page for accurate details by "Sleuth Swire."

Music — Sweet Music

If You Can Play an Instrument You're Needed in the Band Now

"Musicians, continue to be musicians," urges Mr. Lorell McCann of the Hartnell music department. Mr. McCann feels it is the student's responsibility to the college, as well as a valuable opportunity for experience, for musicians to respond to the music department's call.

If the response is good, stated Mr. McCann, Hartnell College can have a band, orchestra, and choir of which the students can be proud.

The 12 o'clock hour has been kept clear this year so that musicians may take part in band activities without interference of other classes.

Pat Smythe and Martha Breslauer, former La Reata editor and sophomore editor, were married during the summer.

Gayle Caskey, Beverly Krikac, Chuck Volonte, Lew Patterson, and Glen Albaugh are attending San Jose State.

Ev Skrine, 1950 Hartnell football star, is at Military Police school at Camp Gordon, Ga.

Jim Conrado is stationed in Japan.

Integrated Science**Physical and Biological Science Courses Combined in New Course**

Three new courses are being offered at Hartnell College during the 1951-52 college year.

Integrating the useful portions of the former physical science and biological science courses, natural science 10A-10B has been incorporated as a result of graduate study by Hartnell Science teachers at Stanford University last spring.

This new course is designed to meet the needs of the liberal arts student who is not specializing in science. The intergration of the two former courses will make possible a complete explanation of physical and biological factors as they arise.

Mr. W. J. McCallum, representing the physical science department, and Mr. W. J. Robinson, representing the biological science department, will be present at lectures and laboratory work.

Dean Luella Hall of the general college division at Hartnell College and representative to the Stanford conferences, told her colleagues that the work of the science department was "one of the most hopeful and forward looking things that has been done in a junior college for many years."

Separate and detached courses attacking only their phases of problems, added Dr. Hall, have not been grasped easily by students in the past.

Topics scheduled for discussion include "Ocean and Man," "Land

and Man," "Energy and Man," and "Science and Man." Special attention will be given to these topics as they are related to the Monterey bay area.

This course will be acceptable at other colleges for transfer credit and it will take the place of specific classes at some colleges.

Field trips and audio-visual aids will be extensively used.

Of interest to Hartnell A and M students are the new technical science classes.

Included in this group are technical chemistry which is related to agricultural field work and technical physics which is related to shop work at the A and M.

Mr. William C. Criswell will conduct the classes on the main campus in the afternoon while during the morning he will instruct classes at A. and M. where he has been teaching for the past three years.

Parliamentary law is the third new course on the Hartnell agenda this year.

Mr. Robert Johnston, class instructor, describes the class as one of the practical type. It is conducted much as a club. Student participation is the outstanding feature and discussion is held on such subjects as a student union for Hartnell, a model constitution, and school spirit.

The class is of special interest to commission members and Inter-Club Council members.

New Employees

Two additions have been made to the college office staff. Judy Ross and Rosemarie Toshikian are replacing Gloria Nunes who has transferred to San Jose State College. Gloria is studying accounting at San Jose.

Misses Ross and Toshikian are each working a half day, Judy Ross working in the morning and Rosemarie Toshikian in the afternoon. Both girls are secretarial majors.

Also on the office staff are Margaret Trigeiro, Ada Bassi, and Irene Guidotti.

KSBW To Broadcast Hartnell Contests

Hartnell College football games this season will be broadcast over KSBW, 1380 on the dial. With the exception of the first game, the Modesto-Hartnell game, all games will be directly from the broadcasting booth of the stadium where the game is being played.

The Modesto game will be tape-recorded for broadcast following the completion of the Salinas high school football game over KSBW.

BETTY WESTPHAL . . .

(CONTINUED FROM PAGE 1)
ganization of noon volleyball games. Ping-pong tournaments will be played during the semester.

Other plans on the agenda include play days with San Jose State and Monterey Peninsula College women students.

Any woman student of Hartnell College may become a member of the W.A.A. Posted at the entrance to the women's gymnasium is the point system by which awards may be made for sports activities.

DEFERMENTS . . .

(CONTINUED FROM PAGE 1)
such deferments next year (the academic year 1952-53). No change has been recommended to Selective Service that would affect the status of college students in any way during the current academic year (1951-52).

For those students who have just become eligible, the college deferment exams will probably be given again later this year.

Graduation and Uncle Sam Take Toll on Ex-Panthers

Fifteen Footballers Enter Armed Forces

The new and unfamiliar group of pigskinners seen stampeding down the corridor and frolicking on the gridiron for the Maroon and Gold this season might indicate that the 1950 version of the Hartnell Panthers are now venturing into new fields of endeavor. Only three of last year's 42-man squad have returned to play ball. The returnees are Dale Swire, backfield, and Tom Grant, and Don Shannon, both lithe pass-snagging flankmen. Fifteen of these ex-Panthers are now packing the pork-hide for Uncle Sam's powerful fighting machine.

Hartnell has representatives in five branches of the service: U.S. Air Force, U.S. Army, U.S. Navy, U.S. Coast Guard, and U.S. Marines.

Backfieldmen Ed Mills, Jesse Escolante, of Watsonville, Ernie Wilson, Campbell, and linemen Ollie Price, Campbell, Jack Dahmer and Bob Wheeler of Salinas are flying with the U.S. Air Force.

Everet Skrine, all-NCJCC halfback from Chicago, Illinois, David McChesney, Springfield, Oregon, end Bob Dragoo, Eugene, Oregon, guards Mervyn Ferriera, Hawaii, and Ken Ginn, Salinas, are in the U.S. Army.

Warren Montagne, Santa Cruz fullback, and Bill Klauer, tackle from Salinas are Middies in the U.S.N. Halfback Karl Bettencourt, Gilroy is with the Coast Guard, and Kenneth Dias, end from Hawaii, is a leatherneck in the Marine Corps.

Frank Paz, Bob and Fred Swan have returned from Hawaii to finish their schooling. Paz and Bob Swan have used up their eligibility and Fred Swan has had academic trouble and is ineligible. All three boys played great ball for last year's Panthers.

Tackle Bill Maguire and end Charles Jackson of Hawaii received scholarships and are playing football for the University of Denver. James "Itchy" Miyasoto, squat fullback from Hawaii is playing at the University of Hawaii.

Bob Burton, co-captain and center from Rogue River, Oregon, is at Stanford battling for a position. Richard Leffingwell, Soledad, is trying out at Santa Barbara, Bob Omogrosso, Beaver Falls, Pa., fullback, may or may not enter the University of New Mexico.

Bob Roebuck, Salinas' "Terror of Riker Street" is wearing the Blue and Gold of the San Jose State Spartans. Doug Severin, defensive halfback from Watsonville, and

End Jess Holt, Campbell, are also attending San Jose State.

The remainder of the squad have discontinued their schooling in preference of work. Fleet halfback Frank Ryder and Ralph Gora, guard, have returned to the Hawaiian Islands to work. John Gerard entered San Jose State in the spring quarter and was alternating between first and second string quarterback until he was declared ineligible on grades. Gerard is now working in Beaver Falls, Pa.

Big John Dobbel, Manuel Quintero, R. A. Taylor, and LeRoy Anderson all labor in Salinas, these men were stand out defensive men last season. End Cliff King, Santa Cruz, and Joe Campos, tackle, are earning the yankee dollar in Watsonville. John Piini and Don Smith work in Soledad. Piini was selected as a second-team tackle on the all-NCJCC squad. There is a slim chance that these boys might return to play ball this season.

The man that did the dirty work, Manager Don Jacobs, plans to attend the University of California at Davis.

Student-Teacher Assists Wilson

A new and welcomed assistant to Head Football Coach Elliot "Ab" Wilson is Louis Menghini, a student teacher.

Menghini comes here from San Jose State where he played backfield on the Spartan eleven. Previous to San Jose, he played ball for Santa Rosa J.C. and in 1947 he cavorted here against Salinas J.C. Menghini hails from Buchanan, Michigan, which is very close to South Bend, Indiana and Notre Dame. Coming from such an environment, it is no wonder that Menghini has chosen physical education as his major.

In regard to the 1951 Panthers, Menghini states that although the squad is green, everyone is working hard and if they shape up in time they could have a lot of possibilities. After another year of student teaching, the husky backfield mentor plans to coach at a high school or college.

Also assisting Coach Wilson is Henry Franci of Salinas. This is Franci's second year assisting as a line coach. Franci played his football with St. Mary's, St. Mary's Pre-flight, and various service teams.

Bill Bell and Jerry Skillicorn, both '51 grads, are enrolled at U.C.

Regli Announces Commencement Of Volleyball

The intramural volleyball league headed by Coach Jess Regli got underway yesterday. Coach Regli announced that there were seven teams participating in the tournament, three women's teams and four men's teams.

Groups comprising this noon league are the following: the Gassers, the Hawks, the Ramblers, the Weaker Sex, the Weakest Sex, and the Weaker Than That's. The

"Old Men" of the faculty will form the seventh squad.

The faculty has already exhibited a cock-sure attitude and probably will be the team to beat. Last year's champions, the Hawaiians, have disbanded because of lack of material. All erstwhile fans are instructed to watch the daily bulletin for the weekly schedule of intramural games.

Among those enrolled at San Jose State are Diane La Franchi, Barbara Johnson, Phyllis Butters, Deon Dyer, Peggy Maneely, Margery Rains, Doug Severin, Ted Faley, and Norma Brown.

COACH WILSON . . .

(CONTINUED FROM PAGE 1)

dred.

Other promising halfbacks are Buddy Stubbs, Randy Blair, and Glen Winters of Salinas, Returnee Dale Swire and Marty Norman of Santa Cruz, Ben Capanas and Bud Abreu of Hawaii.

Quarterbacking the Maroon and Gold will be Peachy Valli, Beaver Falls, Pa., and Wes McWilliams, Salinas. Both men have shown vast improvement over the two and one-half week practice grind. The starting lineup will not be announced until game time.
